Stretched canvas

Short description:	38mm cotton canvas art prints – stretched and finished by hand
Long description:	Create premium canvas wall art with our stretched canvas art prints, produced on heavyweight 400gsm artist-grade canvas. The finely woven texture brings out subtle detail and tonal depth, giving your designs a rich, tactile finish that elevates everything from photography to bold, extra large canvas art. Each piece is made to order, with your custom canvas print carefully tensioned over a purpose-built 38mm frame crafted from European kiln-dried knotless pine. Available in a wide range of sizes, they're designed for impact while maintaining a clean, professional presentation. Every canvas is hand finished to ensure crisp edges, smooth corner folds and a consistently high-quality result. Engineered for durability, the stretcher bars feature a curved profile that reduces pressure on the canvas surface, helping to prevent marking and long-term wear. After something a little sleeker? Check out our 19mm canvas prints for a more subtle, contemporary look.
